Tour Description:

In the morning you will be picked-up at your hotel by our driver and guide. The starting point of our hike is a 35 kilometre drive east of Kathmandu. Depending on the traffic this will take us between one and half and two hours. The starting point of our hike is the ancient Newar town Panauti. From here we hike to a place called Khoapasi. From Dhapasi we follow the uphill trail in north - east direction. The further we go the narrower the trail gets. After we cross a suspension bridge we will pass through many small villages and huge rice fields which will give you a chance to see how Nepali people plant and harvest the crop, depending on the season. From here we hike steep uphill for about an hour to reach Namoboudha. After lunch continue walk in easy trails to Dhulikhel. Once we reach Dhulikel your driver will be waiting to drop you of at your hotel.

Namoboudha is a sacred Buddhist place where Lord Buddha sacrificed his own body to save a starving tiger. At this typical Buddhist Gompa you can watch the rituals and at the same time have a great view over the mountains and deep down, Panauti.
